Seven Gettysburgians will be present in the auditorium of the Penn-Harris hotel, Harrisburg, at 8 o'clock this evening when the Army-Navy "E" award will be presented to the American Red Cross Blood Donor Center of Harrisburg.

The "E" Award lapel pins which are symbolic of excellence in production and in this particular case emphasize and reward the outstanding effort of the Harrisburg and surrounding communities' work in the collection of blood for the armed services, will be awarded to 308 American Red Cross workers.

Radford H. Lippy, chairman of the Adams County Red Cross Blood Donor committee, will head the local delegation to the ceremonies. Others in the party will be Mrs. Rasmus S. Saby, chairman of the Canteen committee; Mrs. George W. Boehner, in charge of registration in the dining room; Mrs. Earl Bowen, who heads the staff assistants; Mrs. J. L. Walter Coleman and Mrs. J. L. Kaitreider, in charge of the kitchen staff and Mrs. Henry M. Scharf, in charge of the nurses' aides.

It is noteworthy that the Blood Donor Center is to be recognized for its outstanding work effort. Presentation of the Army-Navy "E" Award to the center for providing thousands of pints of blood to save the lives of thousands of wounded at the battlefronts is as deserving and commendable as any Award made. It is a service of monumental significance. The donors who have made possible this award are unsung heroes. They are giving life-blood where life-blood is most needed.

Seventeen cooperating Red Cross chapters and 26 auxiliary towns comprise the Harrisburg center. The Adams county chapter of the American Red Cross is one of the outstanding in the center.

In all this group Adams county ranks among the top four in the number of pints of blood donated to the armed service. Since the establishment of the Blood Donor Service in January, 1943, blood donors from Adams county have given 1,528 pints of blood in 13 visits of the blood donor mobile unit to Gettysburg, an average of more than 117 pints per visit. Only three other areas, all larger than Adams county, have achieved such a record. Adams county has NEVER FAILED TO REACH ITS QUOTA.

Allies Seek To Clear Cassino With Artillery

300 Isolated Japs Killed In Solomons

Allied Headquarters, Southwest Pacific, March 27 (AP)—Japanese troops in the Solomon islands, isolated by Allied Bismarck sea successes and abandoned by their high command, spent at least 300 more lives in another unsuccessful attempt to break American defenses at Empress Augusta bay on Bougainville island.

An assault on American barbed wire and pillboxes in the Torokina sector of the beachhead perimeter Thursday, reported in Gen. Douglas MacArthur's communique today, resulted in a temporary penetration, but the defenders pushed the Japanese back and restored their lines less than 24 hours later.

As in the enemy's previous offensive from March 8 to 18, in which he lost more than 1,100 dead, the American casualties in the Thursday thrust were remarkably low; four dead, 47 wounded and one missing, compared with the 300 Japanese dead abandoned within American lines.

Damage 2 Airfields

Japanese artillery fire damaged two Allied airfields and caused some casualties on them.

Allied bombers and American destroyers replied in support of ground troops, damaging enemy gun positions and starting fires in his supply areas.

In the Admiralty islands, American dismounted cavalymen continued mopping up Japanese who scattered after the fall of Lorengau on Manus island nine days ago, and on Friday occupied without opposition the islets of Amo and Ndorova off the southeast coast of Manus. American Destroyers, aiding the mop-up process, poured broadsides onto Pitulu island, northeast of Lorengau and on the northern fringe of Seadler harbor, leveling all buildings there and sinking three harbor craft, the communique said.

Biglerville Girl Cured By New Drug Here

Miss Edith Miller, 18, daughter of Mr. and Mrs. Charles Miller, Biglerville R. 2, was discharged from the Warner hospital Saturday afternoon after recovering from a blood stream infection that up to a year ago would in all probability have proved fatal.

Dr. Raymond Hale, Arendtsville, her physician, said today that the newly developed medical treatment, which has come forth during the last year, could be credited with saving her life. Many others have been cured by the new treatment in the last six months, according to medical journals, he said.

Miss Miller was the first Adams county ever to be treated with the new drug, penicillin, which was recently developed and which appears to be a remedy for some diseases previously believed to be incurable.

Miss Miller was admitted to the Warner hospital October 23. She has been completely cured of the blood stream infection, Dr. Hale said.

Former County Teacher Tells Of Red Cross Club Overseas

G. I.'s who spurned Shakespeare in the classroom, have discovered that he was quite a fellow in his native Stratford-on-Avon, England, Ida Katharine Hall, former East Berlin school teacher, reports on her arrival from the British Isles.

Miss Hall, youngest daughter of Mr. and Mrs. Albert E. Hall of Lancaster, served as an American Red Cross camp club director in England for eight months. She is visiting her parents while recovering from an illness, before assignment to another war theatre.

The American Red Cross White Swan club, where Miss Hall served for several months, is the one-time inn of that name centering around the Bard of Avon's birthplace. By LYNN HEINZERLING

Allied Headquarters, Naples, March 27 (AP)—The Allied assault on Cassino, temporarily stalled short of its objective, had changed today into an artillery duel in which a superior mass of Allied guns was seeking to knock out the troublesome German positions remaining in the town's southwest corner.

An announcement said Allied artillery had begun a systematic campaign to destroy both the Continental hotel and the Hotel des Roses which the Germans have converted into fortresses.

A large explosion occurred when artillery engaged a cluster of German six-barreled mortars, possibly indicating an ammunition dump was hit. The only other ground activity at Cassino was by patrols.

Action At Anzio

The center of infantry activity shifted to the Anzio beachhead where Allied forces drove back two small raiding parties which probed the center of the line. Losses were inflicted on the enemy. German guns shelled the left flank of the beachhead line.

In the air, American and British heavy, medium and fighter-bombers attacked scattered port, railroad and airfield targets in northern Italy yesterday. Seven enemy planes were shot down and five Allied planes are missing.

At Cassino, at the same time Allied guns turned on the Continental hotel, which the Germans have made a gun-bristling thorn-in-the-side for Allied troops, and the Hotel des Roses in the same general area at the apex of Highway 6, the Germans trained their artillery on Castle Hill, Allied-held strong point west of the town which has been extremely troublesome to the enemy.

Third Try Fails

The inactivity of ground troops made it plain that the third Allied attack to drive the Germans from Cassino, the key to the road to Rome, had been unsuccessful.

In the mountains north of Cassino snow blocked Modite mountains and cold weather of the Adriatic front of the Eighth Army brought almost complete cessation of enemy activity.

American heavy bombers pounded Fiume, Italian-Yugoslav border area port, the Manigao airdrome 50 miles northeast of Venice and the key railroad yards of Rimini of the Adriatic coast.

RAF Wellingtons and Liberators bombed the Vicenza railroad yards 40 miles west of Venice last night.

Aerial Activity

The American bombers and their Thunderbolt-Lightning escort fought off 50 German fighters, bringing down five.

Marauders raided viaducts west of Arezzo on the double-tracked Rome-Florence railroad, Mitchells bombed another railroad bridge at Perugia, 80 miles north of Rome, and Thunderbolts attacked two more north and northwest of the capital.

Aircobras bombed the harbor of Castiglione, 10 miles south of Leghorn and the nearby Cecina railroad bridge, and Spitfires attacked a German camp at Durazzo in Albania.

Last night Mosquitoes blasted railroad lines at Orvieto and Foligno while Warhawks bombed a dam across the Lira river in the Fontana area.

PLAN TO WED

An application for a marriage license has been filed in York by David Elmer Martin, Hanover R. 2, and Sarah Mandilla Breighner, Littlestown R. 2.

Reds Shell Rumania For New Thrust

(By The Associated Press)

London, March 27—The Red Army was poised today for its first thrust onto enemy soil after smashing triumphantly to the Prut river border of Rumania from which Adolf Hitler launched the southern wing of his ill-starred invasion of Russia nearly three years ago.

Russian big guns already are laying down a barrage on Rumanian territory, Moscow dispatches said today, and Soviet infantrymen were expected to surge soon across the narrow Prut which they reached on a 53 mile front yesterday, only a week after they spanned the broader Dniester, now 60 miles behind them.

As 24 volleys from 324 guns thundered in Moscow last night and green, white, yellow, red and purple rockets burst above the city in celebration of the drive to the enemy's border, the Army newspaper Red Star, confidently anticipating a continuation of the offensive asserted: "For the Red Army there are no boundaries; her boundaries are victory, Berlin, and a strait jacket for the mad German Valkyrie."

Block Nazi Retreat

Premier Marshal Stalin, who announced the conquest of part of "our state frontier," also reported the capture of the Bessarabian rail city of Byelsti, a victory which closed another German avenue of retreat from lower Russia. Other Soviet forces were declared within 20 miles of Iasi (Jassy), through which runs the major Nazi escape railway from the big Black Sea port of Odessa.

The surge to the Prut was regarded in London as already dooming a German stand at Odessa and besieged Nikolaev. Turkish reports that Hitler was rushing masses of armored reinforcements through Hungary and Rumania suggested that he probably would make a stand in Rumania in an attempt at least to save the Ploesti oil fields. The Russians were reported within 200 miles of the vital oil regions and 250 miles from Bucharest, Rumanian capital.

Heavy British Bombers Pound Armament Plant

London, March 27 (AP)—British heavy bombers thundered over western Germany in very great strength last night and dropped a crushing weight of high explosives and incendiaries—perhaps 2,000 long tons—on the battered city of Essen, site of the sprawling Krupp armament works.

At the same time smaller forces of RAF raiders hammered the German rubber center of Hannover, 125 miles to the northeast, and pounded railway targets at Courtrai in Belgium.

Other unspecified targets in western Germany also were attacked and mines were laid in enemy waters during the sweeping overnight operations, which the Air Ministry said cost a total of nine planes.

Clouds made full observation of the results of the attack on Essen impossible, the Air Ministry said, but it was apparent that the RAF had dealt another concentrated blow at the city in an effort to wipe out the results of desperate reconstruction work which the Germans have been carrying on in this vital industrial center.

"Catastrophic"

Air Minister Sir Archibald Sinclair, called the results of the previous seven assaults on Essen "catastrophic," but warned that the RAF might have to return to check attempts at reconstruction.

The great summer assaults were estimated to have damaged nearly two-thirds of the Krupp's works, knocking out at least six months of production. But the Germans were believed to have repaired about one-fifth of the area of some 10,000,000 square feet of floor space that had been damaged.

Hannover is the site of rubber goods and synthetic rubber plants, and important railroads, workshops, locomotive, tank, and aircraft parts factories.

Here And There News Collected At Random

Seven Gettysburgians will be present in the auditorium of the Penn-Harris hotel, Harrisburg, at 8 o'clock this evening when the Army-Navy "E" award will be presented to the American Red Cross Blood Donor Center of Harrisburg.

The "E" Award lapel pins which are symbolic of excellence in production and in this particular case emphasize and reward the outstanding effort of the Harrisburg and surrounding communities' work in the collection of blood for the armed services, will be awarded to 308 American Red Cross workers.

Radford H. Lippy, chairman of the Adams County Red Cross Blood Donor committee, will head the local delegation to the ceremonies. Others in the party will be Mrs. Rasmus S. Saby, chairman of the Canteen committee; Mrs. George W. Boehner, in charge of registration in the dining room; Mrs. Earl Bowen, who heads the staff assistants; Mrs. J. Walter Coleman and Mrs. J. L. Kaitreider, in charge of the kitchen staff and Mrs. Henry M. Scharf, in charge of the nurses' aides.

It is noteworthy that the Blood Donor Center is to be recognized for its outstanding war effort. Presentation of the Army-Navy "E" Award to the center for providing thousands of pints of blood to save the lives of thousands of wounded at the battlefronts is as deserving and commendable as any Award made. It is a service of monumental significance. The donors who have made possible this award are unsung heroes. They are giving life-blood where life-blood is most needed.

Seventeen cooperating Red Cross chapters and 26 auxiliary towns comprise the Harrisburg center. The Adams county chapter of the American Red Cross is one of the outstanding in the center.

In all this group Adams county ranks among the top four in the number of pints of blood donated to the armed service. Since the establishment of the Blood Donor Service in January, 1943, blood donors from Adams county have given 1,528 pints of blood in 13 visits of the blood donor mobile unit to Gettysburg, an average of more than 117 pints per visit. Only three other areas, all larger than Adams county, have achieved such a record. Adams county has NEVER FAILED TO REACH ITS QUOTA.

CLOSING SHOP TO GO IN NAVY

The Hotel Eberhart barber shop in the basement of the hotel building at the corner of North Washington and Chambersburg street, will close its doors "until Victory" Wednesday evening with the proprietor, Harold Y. Cromwell, and Lester P. Davis, employed there as a barber, planning to return after the war and go into business again at the old stand.

300 Isolated Japs Killed In Solomons

Allied Headquarters, Southwest Pacific, March 27 (AP)—Japanese troops in the Solomon Islands, isolated by Allied Bismarck sea successes and abandoned by their high command, spent at least 300 more lives in another unsuccessful attempt to break American defenses at Empress Augusta bay on Bougainville island.

An assault on American barbed wire and pillboxes in the Torokina sector of the beachhead perimeter Thursday, reported in Gen. Douglas MacArthur's communique today, resulted in a temporary penetration, but the defenders pushed the Japanese back and restored their lines less than 24 hours later.

As in the enemy's previous offensive from March 8 to 18, in which he lost more than 1,100 dead, the American casualties in the Thursday thrust were remarkably low; four dead, 47 wounded and one missing, compared with the 300 Japanese dead abandoned within American lines.

Damage 2 Airfields

Japanese artillery fire damaged two Allied airfields and caused some casualties on them.

Allied bombers and American destroyers replied in support of ground troops, damaging enemy gun positions and starting fires in his supply areas.

In the Admiralty Islands, American dismounted cavalrymen continued mopping up Japanese who scattered after the fall of Lorengau on Manus island nine days ago, and on Friday occupied without opposition the islets of Amo and Ndova off the southeast coast of Manus. American Destroyers, aiding the mop-up process, poured broadsides onto Pityulu island, northeast of Lorengau and on the northern fringe of Seadler harbor, leveling all buildings there and sinking three harbor craft, the communique said.

Biglerville Girl Cured By New Drug Here

Miss Edith Miller, 18, daughter of Mr. and Mrs. Charles Miller, Biglerville R. 2, was discharged from the Warner hospital Saturday afternoon after recovering from a blood stream infection that up to a year ago would in all probability have proved fatal.

Dr. Raymond Hale, Arendtsville, her physician, said today that the newly developed medical treatment, which has come forth during the last year, could be credited with saving her life. Many others have been cured by the new treatment in the last six months, according to medical journals, he said.

Miss Miller was the first Adams countyan ever to be treated with the new drug, penicillin, which was recently developed and which appears to be a remedy for some diseases previously believed to be incurable.

Miss Miller was admitted to the Warner hospital October 23. She has been completely cured of the blood stream infection, Dr. Hale said.

Reds Shell Rumania For New Thrust

(By The Associated Press)

London, March 27—The Red Army was poised today for its first thrust onto enemy soil after smashing triumphantly to the Prut river border of Rumania from which Adolf Hitler launched the southern wing of his ill-starred invasion of Russia nearly three years ago.

Russian big guns already are laying down a barrage on Rumanian territory. Moscow dispatches said today, and Soviet infantrymen were expected to surge soon across the narrow Prut which they reached on a 53 mile front yesterday, only a week after they spanned the broader Dniester, now 60 miles behind them.

As 24 volleys from 324 guns thundered in Moscow last night and green, white, yellow, red and purple rockets burst above the city in celebration of the drive to the enemy's border, the Army newspaper Red Star, confidently anticipating a continuation of the offensive asserted: "For the Red Army there are no boundaries; her boundaries are victory, Berlin, and a strait jacket for the mad German Valkyrie."

The center of infantry activity shifted to the Anzio beachhead where Allied forces drove back two small raiding parties which probed the center of the line. Losses were inflicted on the enemy. German guns shelled the left flank of the beachhead line.

In the air, American and British heavy, medium and fighter-bombers attacked scattered port, railroad and airfield targets in northern Italy yesterday. Seven enemy planes were shot down and five Allied planes are missing.

At Cassino, at the same time Allied guns turned on the Continental hotel, which the Germans have made a gun-bristling thorn-in-the-side for Allied troops, and the Hotel des Roses in the same general area at the apex of Highway 6, the Germans trained their artillery on Castle Hill, Allied-held strong point west of the town which has been extremely troublesome to the enemy.

Third Try Fails

The inactivity of ground troops made it plain that the third Allied attack to drive the Germans from Cassino, the key to the road to Rome, had been unsuccessful.

In the mountains north of Cassino snow blocked Modite mountains and cold weather of the Adriatic front of the Eighth Army brought almost complete cessation of enemy activity.

American heavy bombers pounded Flume, Italian-Yugoslav border area port, the Maniago airdrome 50 miles northeast of Venice and the key railroad yards of Rimini of the Adriatic coast.

RAF Wellingtons and Liberators bombed the Vicenza railroad yards 40 miles west of Venice last night.

Aerial Activity

The American bombers and their Thunderbolt-Lightning escort fought off 50 German fighters, bringing down five.

Marauders raided viaducts west of Arezzo on the double-tracked Rome-Florence railroad, Mitchell's bombed another railroad bridge at Perugia, 80 miles north of Rome, and Thunderbolts attacked two more north and northwest of the capital.

Airacobras bombed the harbor of Castiglione, 10 miles south of Leghorn and the nearby Cecina railroad bridge, and Spitfires attacked a German camp at Durazzo in Albania.

Last night Mosquitoes blasted railroad lines at Orvieto and Polonia while Warhawks bombed a dam across the Lira river in the Fontana area.

Former County Teacher Tells Of Red Cross Club Overseas

G. I.'s who spurned Shakespeare in the classroom, have discovered that he was quite a fellow in his native Stratford-on-Avon, England, Ida Katharine Hall, former East Berlin school teacher, reports on her arrival from the British Isles.

Miss Hall, youngest daughter of Mr. and Mrs. Albert E. Hall of Lancaster, served as an American Red Cross camp club director in England for eight months. She is visiting her parents while recovering from an illness, before assignment to another war theatre.

The American Red Cross White Swan club, where Miss Hall served for several months, is the one-time inn of that name centering around the Bard of Avon's birthplace. The inn was over one hundred years old in Shakespeare's time—in fact he "modernized" it completely. It is so steeped in Shakespearean me-

Block Nazi Retreat

Premier Marshal Stalin, who announced the conquest of part of "our state frontier," also reported the capture of the Bessarabian rail city of Byeltsi, a victory which closed another German avenue of retreat from lower Russia. Other Soviet forces were declared within 20 miles of Iasi (Jassy), through which runs the major Nazi escape railway from the big Black Sea port of Odessa.

The surge to the Prut was regarded in London as already dooming a German stand at Odessa and besieged Nikolaev. Turkish reports that Hitler was rushing masses of armored reinforcements through Hungary and Rumania suggested that he probably would make a stand in Rumania in an attempt at least to save the Ploesti oil fields. The Russians were reported within 200 miles of the vital oil regions and 250 miles from Bucharest, Rumanian capital.

Heavy British Bombers Pound Armament Plant

London, March 27 (AP)—British heavy bombers thundered over western Germany in very great strength last night and dropped a crushing weight of high explosives and incendiaries—perhaps 2,000 long tons—on the battered city of Essen, site of the sprawling Krupp armament works.

At the same time smaller forces of RAF raiders hammered the German rubber center of Hannover, 125 miles to the northeast, and pounded railway targets at Courtrai in Belgium.

Other unspecified targets in western Germany also were attacked and mines were laid in enemy waters during the sweeping overnight operations, which the Air Ministry said cost a total of nine planes.

Clouds made full observation of the results of the attack on Essen impossible, the Air Ministry said, but it was apparent that the RAF had dealt another concentrated blow at the city in an effort to wipe out the results of desperate reconstruction work which the Germans have been carrying on in this vital industrial center.

"Catastrophic"

Air Minister Sir Archibald Sinclair, called the results of the previous seven assaults on Essen "catastrophic," but warned that the RAF might have to return to check attempts at reconstruction.

The great summer assaults were estimated to have damaged nearly two-thirds of the Krupp's works, knocking out at least six months of production. But the Germans were believed to have repaired about one-fifth of the area of some 10,000 square feet of floor space that had been damaged.

Hannover is the site of rubber goods and synthetic rubber plants, and important railroads, workshops, locomotive, tank, and aircraft parts factories.

BELIEVES NAZIS SAVING PLANES FOR INVASION

By DEWITT MACKENZIE
(Associated Press War Analyst)

One of the most remarkable and significant events of the week-end was the complete absence yesterday of any defense by German warplanes during the widespread assaults on Western Europe by 1,700 American and British planes.

Yankee Thunderbolts even attacked Nazi airdromes within sight of Paris without bringing a single Hitlerite fighter off the ground. Now that's an amazing failure for Hitler's great Luftwaffe which once ruled Europe, and it undoubtedly had the Allied air chiefs in London with their heads together last night.

The answer to this strange development is of the utmost importance to us; and one which shouldn't be jumped at. We should be most unwise, it seems to me, to rush to the conclusion that Hitler no longer is capable of flinging a defense air force into the air. We shall hear plenty from the Luftwaffe before the war is over. The true solution of our mystery probably is this:

1. The Luftwaffe has been vastly reduced in strength by losses in battle and through Allied bombing. There has been such wholesale destruction of Nazi warplane factories that Hitler no longer can replace the destroyed airplanes.

Need Planes In East

2. The terrific Red onslaught on the eastern front is calling for every warplane the Fuehrer can spare. This doesn't mean that he has stripped western Europe of air power. It probably does mean that he is considering what planes he has there for use against the coming Allied invasion. He has been depending more and more recently on anti-aircraft guns to ward off Allied attacks. Also he may be reorganizing some air units.

It requires no imagination to understand the Nazi need for defensive air power as they flee before the onrushing Red armies. The arrival of the Russians at the Prut river—frontier of Rumania—after their epic drive of more than 800 miles from Stalingrad, and their continuing thrust into Poland, not only set the triumphal guns of Moscow booming but brought from British Premier Churchill the assertion that the Russian feat "constitutes the greatest cause of Hitler's undoing." He sprinkled a bit of cayenne on that by adding inelegantly but expressively that "the guts of the German armies have been largely torn out."

Allied Air Strength

As for the waning strength of Hitler's air force, a month ago a high ranking American air force spokesman in London said since January 1 Germany's twin-engine fighter production had been cut 80 per cent and single engine production reduced 60 per cent by bombing. Since then there has been further heavy destruction of German warplane factories. Also the toll of casualties among Nazi planes has been great.

In this connection the American and British air forces have been growing apace. Premier Churchill in his broadcast yesterday called attention to the fact that United States air power in Britain now exceeds that of the Royal Air Force. He predicted that the two fleets would produce results "which will certainly be of enormous advantage to the cause of the Allies."

He presumably had the forthcoming invasion in mind, but if so he refrained from giving us any tips, excepting to warn that "the hour of greatest effort is approaching." Certainly the combined air forces must pave the way, and lead the way, when our men swarm up the beaches. As Britain's great General Montgomery remarked the other day, "when the Germans are sufficiently stunned we will move in."

Pastor Quits In Fuss Over Flag

Bridgeport, Conn., March 27 (AP)—Declaring a service flag "a symbol of war beside which I cannot stand to speak the word of God as I search for it," the Rev. Emerson S. Schwank has resigned as pastor of the First Universalist church here, the trustees have announced.

The resignation, which trustees had accepted by vote of the church membership Sunday, climaxed a dispute between the pastor and trustees since the latter voted on March 13 to employ a service flag honorific member of the congregation in the armed forces in the main auditorium of the church.

Mr. Schwank declared that he did not object to the display of the flag in the sessions room of the church but stated, the trustees said, "I will be unable to conduct a service in the church if the flag is hung there in the main auditorium."

OPA SUSTAINED BY U. S. COURT

Washington, March 27 (AP)—The supreme court today held constitutional the price-fixing provisions of the emergency price control act and the OPA's rent control program.

The court also ruled underground iron miners entitled to "portal to portal" pay for time spent traveling between the mouth of a mine and the place where the ore actually is mined—a case similar in some respects to the coal miners' travel time question.

In the price-fixing case, Chief Justice Stone wrote the 6-3 opinion on appeals by two Boston meat dealers—Benjamin Rottenberg and Albert Yakus—from their conviction on charges of selling wholesale cuts of beef at prices in excess of the OPA maximum.

They were sentenced to six months imprisonment and fined \$1,000 each by the Federal district court at Boston.

Justice Roberts read the majority opinion in the absence of Chief Justice Stone. Justices Roberts, Rutledge and Murphy dissented.

U. S. Court Okays Portal-To-Portal Pay

Washington, March 27 (AP)—The supreme court ruled today that underground iron ore miners are entitled to "portal to portal" pay for the time spent traveling between the mouth of the mine and the place where the ore actually is mined.

Justice Murphy delivered the 7-2 decision, applying specifically to employees of the Tennessee Coal, Iron and Railroad company, The Sloss-Sheffield Steel and Iron company and the Republic Steel corporation, operators of 13 mines in Jefferson county, Alabama.

At issue was whether the miners were entitled, under the federal wage-hour act, to be paid for all the time spent underground, except for the lunch period. The federal circuit court at New Orleans had ruled for the miners.

Lift Food Stamp Expiration Dates

Washington, March 27 (AP)—The Office of Price Administration said today it was eliminating the expiration dates of both red and blue food rationing stamps from now on.

A spokesman said the plan was in line with the policy already adopted on shoes and sugar, to prevent buying rushes just before the coupons expired.

Another factor, it was stated, was the tendency of consumers to cash in their urgent ration stamps for tokens—which do not have expiration dates—thus creating a heavy drain on the supply of the new plastic ration currency.

Unless some new change occurs, OPA's decision will make the currently valid red and blue stamps in ration book four good for an indefinite period. Red stamps A8, B8, C8, D8, E8 and F8 were due to go out May 20 and red stamps G8, H8 and J8 on June 18. Blue stamps A8, B8, C8, D8 and E8 were dated as good only through May 20, while blue stamps F8, G8, H8, J8 and K8 which become valid April 1 were originally scheduled to expire June 20.

BELIEVES NAZIS SAVING PLANES FOR INVASION

By DEWITT MACKENZIE

(Associated Press War Analyst)

One of the most remarkable and significant events of the week-end was the complete absence yesterday of any defense by German warplanes during the widespread assaults on Western Europe by 1,700 American and British planes.

Yankee Thunderbolts even attacked Nazi airdromes within sight of Paris without bringing a single Hitlerite fighter off the ground. Now that's an amazing failure for Hitler's great Luftwaffe which once ruled Europe, and it undoubtedly had the Allied air chiefs in London with their heads together last night.

The answer to this strange development is of the utmost importance to us; and one which shouldn't be jumped at. We should be most unwise, it seems to me, to rush to the conclusion that Hitler no longer is capable of flinging a defense air force into the air. We shall hear plenty from the Luftwaffe before the war is over. The true solution of our mystery probably is this:

1. The Luftwaffe has been vastly reduced in strength by losses in battle and through Allied bombing. There has been such wholesale destruction of Nazi warplane factories that Hitler no longer can replace the destroyed airplanes.

Need Planes In East
2. The terrific Red onslaught on the eastern front is calling for every warplane the Fuehrer can spare. This doesn't mean that he has stripped western Europe of air power. It probably does mean that he is considering what planes he has there for use against the coming Allied invasion. He has been depending more and more recently on anti-aircraft guns to ward off Allied attacks. Also he may be reorganizing some air units.

It requires no imagination to understand the Nazi need for defensive air power as they flee before the onrushing Red armies. The arrival of the Russians at the Prut river—frontier of Rumania—after their epic drive of more than 600 miles from Stalingrad, and their continuing thrust into Poland, not only set the triumphal guns of Moscow booming but brought from British Premier Churchill the assertion that the Russian feat "constitutes the greatest cause of Hitler's undoing." He sprinkled a bit of cayenne on that by adding inelegantly but expressively that "the guts of the German armies have been largely torn out."

Allied Air Strength
As for the waning strength of Hitler's air force, a month ago a high ranking American air force spokesman in London said since January 1 Germany's twin-engine fighter production had been cut 80 per cent and single engine production reduced 60 per cent by bombing. Since then there has been further heavy destruction of German warplane factories. Also the toll of casualties among Nazi planes has been great.

In this connection the American and British air forces have been growing apace. Premier Churchill in his broadcast yesterday called attention to the fact that United States air power in Britain now exceeds that of the Royal Air force. He predicted that the two fleets would produce results "which will certainly be of enormous advantage to the cause of the Allies."

He presumably had the forthcoming invasion in mind, but if so he refrained from giving us any tips, excepting to warn that "the hour of greatest effort is approaching." Certainly the combined air forces must pave the way, and lead the way, when our men swarm up the beaches. As Britain's great general Montgomery remarked the other day, "when the Germans are sufficiently stunned we will move in."

Pastor Quits In Fuss Over Flag

Bridgeport, Conn., March 27 (AP)—Declaring a service flag "a symbol of war beside which I cannot stand to speak the word of God as I search for it," the Rev. Emerson S. Schwenk has resigned as pastor of the First Universalist church here, the trustees have announced.

The resignation, which trustees said was accepted by vote of the church membership Sunday, climaxed a dispute between the pastor and trustees since the latter voted on March 13 to display a service flag honoring members of the congregation in the armed forces in the main auditorium of the church.

Mr. Schwenk declared that he did not object to the display of the flag in the sessions room of the church but stated, the trustees said, "I will be unable to conduct a service in the church if the flag is hung there (in the main auditorium)."

PIRATES WILL DEPEND ON 10 4-F PLAYERS

By CHARLES CHAMBERLAIN
Muncie, Ind., March 27 (AP)—Ten players with 4-F cards assure Pittsburgh of staying in business this season, but the Pirates' hope of finishing in the first division of the National league depend chiefly on how long they keep their eight draft eligibles.

The BUCS face the prospect of losing three rookies pitching prizes who accounted for 50 victories last season—Art Cucurullo of Albany, Preacher Roe of Columbus and Nick Strincevich of Toronto. All are 1-A. And Cucurullo, a 26-game winner, already has been ordered up for his physical examination.

Roe, a mathematics instructor and physical fitness director at the Melbourne, Arkansas, high school during the winter, would be missed especially. In winning 15 games for Columbus, he led the American association in strikeouts, with 136, and also in shutouts, with six.

May Cose Catchers
Other valuable draft eligibles are Veteran Al Lopez and Hank Cammelli of Albany, the team's only regular catchers, and third baseman Bob Elliott, who led the club at the plate last year with a neat .315.

Among the 4-F's is Frank Zak of Toronto, a grab-all type shortstop who topped the International league in runs scored. Other infielders counted on to stay are Frankie Gustine, who can play all infield positions as well as catch; Furst Baseman Babe Dahlgren and Tony Ordenana, University of Havana, Cuba, shortstop who comes up from Portsmouth of the mid-Atlantic league.

In the outfield are Johnny Barrett, who is bothered with an ear ailment; Frank Coleman, handicapped with a knee injury, switch-hitter Jim Russell, and 17-year-old Harry Amato of the Springfield, Ohio, American Legion team.

Four pitchers have 4-F cards—Rip Sewell, whose "balloon ball" helped him to a 21-9 record last year, big Jimmy Gee, Xavier Rescigno, and Al Butcher.

ST. JOHN'S NIPS DEPAUL IN DRIVE NATIONAL TITLE

New York, March 27 (AP)—St. John's of Brooklyn could well be called the Cinderella team of college basketball today after it snared a surprise victory over favored DePaul to win the national invitation tourney at Madison Square Garden for the second straight year.

In a tribute to Joe Lapchik's coaching ability the Indians swept aside the Blue Demons from Chicago, 47 to 39, before 18,374 fans at the Garden last night. Thus was climaxed a thrilling cage story, perhaps the best of the season.

Beaten by Kentucky, Army, Temple and Canisius during their regular season of 19 games hardly anyone expected the Lapchik quintet to survive the first round, particularly after star Dick McGuire was transferred to Dartmouth.

But in their first tourney game the Indians eked out a 44-40 win over Bowling Green, of Ohio. Pitted next against Kentucky they upset the southeastern champions, 48-45, and followed through against DePaul, the pre-tourney favorite.

Seek National Title
Led by little Hy Gotkin and Bill Kotsors, who later was named the most valuable player of the tourney, the Indians took a 26-24 half-time lead and pulled away from a 30-30 tie in the second half after DePaul's star, big George Mikan, was banished on four personal fouls.

St. John's next will play the winner of tomorrow's Dartmouth-Utah NCAA championship final for the recognized national title on Thursday. A year ago St. John's lost to Wyoming.

Kentucky beat the Oklahoma Aggies, 45-29, to win third place in the tourney. Promoter Ned Irish also announced that the attendance of 71,197 for the four nights of the tourney set a new attendance record.

Barons And Bisons
Are Ice Finalists
(By The Associated Press)
It looks like Cleveland and Buffalo will meet in the final playoff series in the American hockey league.

Both the Barons, western division winners, and the Bisons, who finished runnerup in the eastern loop, took a commanding 3 to 1 lead last night in their best, four-of-seven semi-final series against Hershey and Indianapolis, respectively.

Hershey and Indianapolis are thus faced with the necessity of winning three straight games. The odds are against them.

At Cleveland a crowd of 11,208 saw the Barons forced to go on overtime period before whipping Hershey, 3 to 2. Hershey took a 2-0 lead, but Cleveland tied it up in the third period and won out in the 10-minute overtime on Pete Horeck's goal.

Hershey plays at Cleveland Tuesday while Indianapolis plays at Buffalo Wednesday.

Hazleton Favored By Some Over Lower Merion On Tuesday

Philadelphia, March 27 (AP)—Lower Merion and Hazleton, only three-time titlists in Pennsylvania scholastic basketball, clash in Convention hall here tomorrow night in a PIAA tourney semi-final and some experts are picking Hazleton to win.

Lower Merion, defending champion, scored a decisive but not overly impressive victory over Sayre's District 4 champions, 43-30, in Allentown's Rockne hall Saturday night. Many in the crowd of 2,500 had seen Hazleton trounce Swoyerville, 52-21, on the same floor the night before and some said Hazleton was the top eastern team.

Duquesne of District 7 and Sharon of District 10 battle in Pitt stadium, Pittsburgh, tomorrow night in the other semi-final. Duquesne's familiarity with the court appeared to be the major pre-game difference between the two teams.

The Dukes overwhelmed Franklin borough, 43-25, and Sharon defeated Bradford, 40-23, Saturday night. The race ends in Convention hall here next Saturday night (April 1).

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
New York, March 27 (AP)—To fill the dull training days, the Giants and Dodgers are working up another feud, this time over Branch Rickey's statement that Brooklyn players who never had worn major league uniforms could whip a similar team of Giants, providing he could play Stretch Schultz at first.

Horace Stoneham, claiming Buddy Kerr as an antidote to Schultz, has gone so far as to name a lineup and offers to play it against Them Bums as a preliminary to one of the Red Cross games, April 13. . . . What's their hurry? By mid season, those guys probably will be regulars.

TODAY'S GUEST STAR
Don Pierce, Topeka (Kas.) Daily Capital: "Clark Shaughnessy has diagrammed a lot of perplexing T formation plays for the Bears but none as bewildering as his recent man-in-motion maneuver around Ralph Brizzolara into the Redskin camp."

MONDAY MATINEE
Jack Dugger, Ohio State basketball standout, is one of the few court stars (maybe the only one) who wears contact lenses. . . . The shortage of exercise boys around racetracks is so acute that Earle Sande has been galloping some of his own horses and in Kentucky any kid who knows how to work a nag can pick up \$25 or \$30 a day.

The attendance at Stillman's gym is considered a barometer for Garden fights and the place has been crammed nearly every afternoon lately. No wonder, for 30 cents at Stillman's you can see all the big-time scrappers who command \$16.50 prices. . . . Quote from one basketball coach who prefers to remain anonymous: "We have been experimenting with those 12-foot baskets suggested by Phog Allen and, oddly enough, I'm in favor of them if we have to make some change. I wouldn't admit, but the kids don't seem to notice much difference." . . . Sounds like a good idea obscured by a verbal Phog.

POP POPS OFF
Line from Hugh Fullerton, Sr.: "From the way Clark Griffith is bringing up Cubans, it looks as if that message to Garcia was 'Send me left handed pitchers.'"

JIGGERS, MORE FIGGERS
If the war doesn't interfere, Ernie Caiverly's 534-point college basketball scoring record may be in danger in the next few seasons. . . . During the recent campaign Curt McCamy of West Fargo, North Dakota, high rang up 569 points in 27 games and Joe Hensley of Alexandria, Virginia, George Washington high hit 479 in 29 games. . . . And when Pauline Morris of Cooperstown, Tennessee, high scored 801 points in 23 girls' games a sports scribe warned her to look out for college coaches who were shy on manpower.

SERVICE DEPT.
Pvt. Hank Dvorak, former eastern basketball official, has been going over big with southwestern cage fans. He's stationed at Camp Wolters, Texas. . . . Just before the baseball season began, the Bainbridge, Maryland, Naval Training Station lost a couple of good infield prospects—Johnny Pesky, ex-Red Sox, who was shipped to Atlanta for a training course in commission, and Jimmy Vernon, formerly of the Senators. . . . Now they must know how the big league clubs feel.

POST-WAR GRID PLANS
Pittsburgh, March 27 (AP)—Sportsmen from ten cities will meet here April 2 to lay the foundation for a transcontinental post-war professional football league. Representatives from New York, Baltimore, Boston, Buffalo, Washington, San Francisco, Los Angeles, St. Louis, Cincinnati and Seattle will discuss the league, Roland D. Payne, Pittsburgh businessman who arranged the meeting said.

ROOKIE PACES CARDINALS IN FIRST VICTORY

By TED MEIER
New York, March 27 (AP)—He's just a little fellow, but Rookie outfielder Augie Bergamo, of Detroit, showed the St. Louis Cardinals yesterday he can hit.

The 160-pounder, who sparked Columbus to victory in the little world series last fall, poled two triples to right center to help the National league champs beat the fourth ferrying group team from Memphis, 10-3, at Cairo, Illinois. Altogether he batted in four runs after he replaced Johnny Hopp in right field.

Meantime the world champion New York Yankees received word at Atlantic City that two more 1943 regulars—Pitcher Ernie Bonham and Shortstop Frankie Crosetti—had passed their pre-induction physical examinations.

Whit Wyatt, star right hander of the Brooklyn Dodgers, sent word to the Brooks' Bear Mountain, New York, camp that he had been reclassified 1-A and probably would be called soon for an examination. News from other big league camps:

Adams Signs
Lakewood, N. J.—Ace Adams, star relief pitcher, signed a Giant contract at what was termed a "substantial" increase in salary. He appeared in 70 games, a record, last year.

Cape Girardeau, Md.—Pitcher Jack Kramer arrived in Browns' camp still unsigned. He is expected to discuss terms with vice president Bill Dewitt today.

French Lick, Ind.—Orval Groves pitched well for White Sox in exhibition against Detroit. Yielded only four hits, no runs in three-inning stretch.

Frederick, Md.—Russ Christopher used sidearm delivery exclusively in pitching scoreless innings for A's against Baltimore.

French Lick, Ind.—Manager Jim Wilson of Cubs, gave this probable lineup against Reds tomorrow, other than pitcher and catcher: Bill Schuster ss; Don Johnson 2b; Phil Cavarretta 1b; Ival Goodman lf; Bill Nicholson rf; Ed. Pete Elko or Peanuts Lowery c; Tony Roy 3b.

Wilmington, Del.—Pitchers Al Gerhauser, Charley Schanz and Warren Fralick slated to work today in Phillies intra-squad camp game.

Evansville, Ind.—Tigers received word from Robert Gillespie, 24-year-old right hander, that he'll report within a week from Columbus where he worked in plant.

Nats Hit Hard
Muncie, Ind.—Pirates' southpaw Cucurullo is scheduled to appear before draft board today seeking to have his physical exam transferred from New Jersey home board.

College Park, Md.—Washington Regulars drove out nine hits in six inning intra-camp tussle, most against Early Wynn and Mickey Haefner.

Lafayette, Ind.—Cleveland work-odds changed from morning to afternoon. Team disappointed that game with Pirates rained out.

Bloomington, Ind.—Pitcher Ray Starr, Red holdout, scheduled to talk terms with General Manager Warren Giles and may join club.

Baltimore—Boston Red Sox expect to get in three-hour workouts daily rest of week.

Wallingford, Conn.—Braves still working out indoors, but Manager Bob Coleman hopeful club will get outdoors this week.

CRAIG WOOD IS DURHAM WINNER

Durham, N. C., March 27 (AP)—Craig Wood's back is well again. He proved it yesterday with a convincing 271 score in winning the \$5,000 Durham Open Golf tournament.

It was the first tournament for the 42-year-old handsome blond from Mamaroneck, New York, since he discarded the famous brace the doctors made him wear when a jumpy sacroiliac threatened to end his career.

His back first started bothering him at the peak of his success in 1941. This year he won the national open and the Augusta Masters, after being a perpetual runner-up.

He won those tournaments wearing the brace. But aside from coping a four-ball meet at Minneapolis with Jimmy Demaret last year he hadn't been able to break into the winner's circle. He volunteered for military service but was rejected and for a time the doctors thought he would never be able to play golf again.

Fretted by his failure to get back on his game, he resorted recently to using mirrors to improve his swing. While it was three curling putts of 12 to 25 feet on the last five holes that got him his winning margin yesterday it was great wood club play that put him in position to beat Byron Nelson.

fight a 10-round match in the Arena tonight, and the winner probably will be rematched with Lightweight Champion Bob Montgomery, victor over both. Williams is a 2-to-1 favorite.

The Broad-Olney team of Philadelphia took the Class A team title.

FORD REPEATS RECORD SWIM

New Haven, Conn., March 27 (AP)—With most of the nation's leading swimming coaches watching in amazement, Alan Ford, Yale's sensational water wizard, showed them what a 49.7 seconds 100-yard freestyle sprint looked like.

Matt Mann of Michigan, Mike Peppe of Ohio State, among others, rubbed their eyes Saturday night as Ford equalled his previous week's phenomenal stunt and proved the sensation of the two-day national collegiate swimming championships finale here.

"To us," they thrilled, "it was the arrival of the equivalent of a four-minute mile run; a sight all of us had hoped to see in our lifetime."

Ford also won the 50-yard freestyle and 150-yard backstroke, sparking the Elis to a 39-38 team title triumph over Michigan.

Next to Yale and Michigan, other team standings were: U. S. Naval Academy and Ohio State, last year's champs, 24 each; Columbia, 22; U. S. Military Academy, 14; Williams, 7; Rochester and Brown 4 each; Minnesota, 3; R. P. I., 2.

STATE C-D UNIT MAY HANDLE JOB OF VOTE CENSUS

Harrisburg, March 27 (AP)—The state Defense Council may handle the job of seeing that the commonwealth has the name of every Pennsylvanian—home or abroad—who is qualified to cast a ballot under a proposed liberalized soldier vote law.

Although no definite announcement has been made, an authentic source said today that the plan will be recommended to Governor Martin.

The governor is awaiting the report of a special committee, studying the soldier vote problem before deciding whether to summon the legislature into special session May 1 to make it easier for Pennsylvanians in the armed services to exercise their right of franchise.

Use of Defense Council personnel was suggested after the New Jersey council approved a plan under which:

Defense volunteers will make house-to-house canvasses in their individual areas during the first 24 days of April. Families will be asked to sign cards, giving addresses of servicemen and women which will be turned into the state adjutant General's office for certification as voters. Certified names will be sent to county clerks who will mail ballots.

The New Jersey plan calls for the same procedure in urban and rural areas.

State officials here are reported to be considering use of the 40,000 block leaders—service wardens in charge of volunteer work in neighborhood areas—in the large cities and some of the 200,000 air raid wardens in rural sections.

Media, March 27 (AP)—John "Jackie" Leeds, 17, acquitted of a murder charge, now wants to join the Navy or Merchant Marine.

Leeds' counsel maintained that the boy was not in Media the night of the crime.

Harrisburg, March 27 (AP)—Highway Secretary John U. Shroyer, today assured property owners along present and proposed highways that in no case where it is not absolutely necessary will there be any wanton destruction of private property when construction of any new highway is contemplated.

"Governor Martin has asked me to assure property owners that their rights shall be observed in every instance," declared Shroyer, "and only where there is no alternative will any property be condemned. I can definitely say, where ever possible, we will add to, and enhance the beauty of spots so close to Pennsylvanian's hearts."

Among the 4-F's is Frank Zak of Toronto, a grab-all type shortstop who topped the International league in runs scored. Other infielders counted on to stay are Frankie Gustine, who can play all infield positions as well as catch; First Baseman Babe Dahlgren and Tony Ordenana, University of Havana, Cuba, shortstop who comes up from Portsmouth of the mid-Atlantic league.

In the outfield are Johnny Barrett, who is bothered with an ear ailment; Frank Coleman, handicapped with a knee injury, switch-hitter Jim Russell, and 17-year-old Harry Amato of the Springfield, Ohio, American Legion team.

Four pitchers have 4-F cards—Rip Sewell, whose "balloon ball" helped him to a 21-9 record last year, big Jimmy Gee, Xavier Rescigno, and Al Butcher.

ST. JOHN'S NIPS DEPAUL IN DRIVE NATIONAL TITLE

New York, March 27 (AP)—St. John's of Brooklyn could well be called the Cinderella team of college basketball today after it snared a surprise victory over favored DePaul to win the national invitation tournament at Madison Square Garden for the second straight year.

In a tribute to Joe Lapchik's coaching ability the Indians swept aside the Blue Demons from Chicago, 47 to 39, before 18,374 fans at the Garden last night. Thus was climaxed a thrilling cage story, perhaps the best of the season.

Beaten by Kentucky, Army, Temple and Canisius during their regular season of 19 games hardly anyone expected the Lapchik quintet to survive the first round, particularly after star Dick McGuire was transferred to Dartmouth.

But in their first tourney game the Indians eked out a 44-40 win over Bowling Green, of Ohio. Pitted next against Kentucky they upset the southeastern champions, 48-45, and followed through against DePaul, the pre-tourney favorite.

Seek National Title
Led by little Hy Gotkin and Bill Kotsores, who later was named the most valuable player of the tourney, the Indians took a 26-24 half-time lead and pulled away from a 30-30 tie in the second half after DePaul's star, big George Mikan, was banished on four personal fouls.

St. John's next will play the winner of tomorrow's Dartmouth-Utah NCAA championship final for the recognized national title on Thursday. A year ago St. John's lost to Wyoming.

Kentucky beat the Oklahoma Aggies, 45-29, to win third place in the tourney. Promoter Ned Irish also announced that the attendance of 71,197 for the four nights of the tourney set a new attendance record.

Barons And Bisons Are Ice Finalists

(By The Associated Press)
It looks like Cleveland and Buffalo will meet in the final playoff series in the American hockey league.

Both the Barons, western division winners, and the Bisons, who finished runnerup in the eastern loop, took a commanding 3 to 1 lead last night in their best, four-of-seven semi-final series against Hershey and Indianapolis, respectively.

Hershey and Indianapolis are thus faced with the necessity of winning three straight games. The odds are against them.

At Cleveland a crowd of 11,208 saw the Barons forced to go an overtime period before whipping Hershey, 3 to 2. Hershey took a 2-0 lead, but Cleveland tied it up in the third period and won out in the 10-minute overtime on Pete Horeck's goal.

Hershey plays at Cleveland Tuesday while Indianapolis plays at Buffalo Wednesday.

Hazleton Favored By Some Over Lower Merion On Tuesday

Philadelphia, March 27 (AP)—Lower Merion and Hazleton, only three-time titlists in Pennsylvania scholastic basketball, clash in Convention hall here tomorrow night in a PIAA tourney semi-final and some experts are picking Hazleton to win.

Lower Merion, defending champion, scored a decisive but not overly impressive victory over Sayre's District 4 champions, 43-30, in Allentown's Rockne hall Saturday night. Many in the crowd of 2,500 had seen Hazleton trounce Swoyerville, 52-21, on the same floor the night before and some said Hazleton was the top eastern team.

Duquesne of District 7 and Sharon of District 10 battle in Pitt stadium, Pittsburgh, tomorrow night in the other semi-final. Duquesne's familiarity with the court appeared to be the major pre-game difference between the two teams.

The Dukes overwhelmed Franklin borough, 43-25, and Sharon defeated Bradford, 40-23, Saturday night.

The race ends in Convention hall here next Saturday night (April 1).

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
New York, March 27 (AP)—To fill the dull training days, the Giants and Dodgers are working up another feud, this time over Branch Rickey's statement that Brooklyn players who never had worn major league uniforms could whip a similar team of Giants, providing he could play Stutch Schultz at first.

Horace Stencham, claiming Buddy Kerr as an antidote to Schultz, has gone so far as to name a lineup and offers to play it against Them Bums as a preliminary to one of the Red Cross games, April 13. . . . What's their hurry? By mid season, those guys probably will be regulars.

TODAY'S GUEST STAR
Don Pierce, Topeka (Kas.) Daily Capital: "Clark Shaughnessy has diagrammed a lot of perplexing T formation plays for the Bears but none as bewildering as his recent man-in-motion maneuver around Ralph Brizzolara into the Redskin camp."

MONDAY MATINEE
Jack Dugger, Ohio State basketball standout, is one of the few court stars (maybe the only one) who wears contact lenses. . . . The shortage of exercise boys around racetracks is so acute that Earle Sande has been galloping some of his own horses and in Kentucky any kid who knows how to work a nag can pick up \$25 or \$30 a day. . . . The attendance at Stillman's gym is considered a barometer for Garden fights and the place has been crammed nearly every afternoon lately. No wonder, for 30 cents at Stillman's you can see all the big-time scrappers who command \$16.50 prices. . . . Quote from one basketball coach who prefers to remain anonymous: "We have been experimenting with those 12-foot baskets suggested by Phog Allen and, oddly enough, I'm in favor of them if we have to make some change. I wouldn't admit, but the kids don't seem to notice much difference." . . . Sounds like a good idea obscured by a verbal Phog.

POP POPS OFF
Line from Hugh Fullerton, Sr.: "From the way Clark Griffith is bringing up Cubans, it looks as if that message to Garcia was 'Send me left handed pitchers!'"

JIGGERS, MORE FIGGERS
If the war doesn't interfere, Ernie Calverly's 534-point college basketball scoring record may be in danger in the next few seasons. During the recent campaign Curt McCamy of West Fargo, North Dakota, high rang up 569 points in 27 games and Joe Hensley of Alexandria, Virginia, George Washington high hit 479 in 29 games. And when Pauline Morris of Cooperstown, Tennessee, high scored 801 points in 23 girls' games a sports scribe warned her to look out for college coaches who were shy on manpower.

SERVICE DEPT.
Pvt. Hank Dvorak, former eastern basketball official, has been going over big with southwestern cage fans. He's stationed at Camp Wolters, Texas. . . . Just before the baseball season began, the Baltimore, Maryland, Naval Training Station lost a couple of good infield prospects—Johnny Pesky, ex-Red Sox, who was shipped to Atlanta for a training course in commission, and Jimmy Vernon, formerly of the Senators. . . . Now they must know how the big league clubs feel.

POST-WAR GRID PLANS
Pittsburgh, March 27 (AP)—Sportsmen from ten cities will meet here April 2 to lay the foundation for a transcontinental post-war professional football league. Representatives from New York, Baltimore, Boston, Buffalo, Washington, San Francisco, Los Angeles, St. Louis, Cincinnati and Seattle will discuss the league, Roland D. Payne, Pittsburgh businessman who arranged the meeting said.

WILLIAMS FAVORED
Philadelphia, March 27 (AP)—Like Williams of Trenton, New Jersey, and Joey Peralta of Tamaqua, Pa., fight a 10-round match in the Arena tonight, and the winner probably will be rematched with Lightweight Champion Bob Montgomery, victor over both. Williams is a 2-to-1 favorite.

ROOKIE PACES CARDINALS IN FIRST VICTORY

By TED MEIER
New York, March 27 (AP)—He's just a little fellow, but Rookie outfielder Augie Bergamo, of Detroit, showed the St. Louis Cardinals yesterday he can hit.

The 160-pounder, who sparked Columbus to victory in the little world series last fall, poled two triples to right center to help the National league champs beat the fourth ferrying group team from Memphis, 10-3, at Cairo, Illinois. Altogether he batted in four runs after he replaced Johnny Hopp in right field.

Meantime the world champion New York Yankees received word at Atlantic City that two more 1943 regulars—Pitcher Ernie Bonham and Shortstop Frankie Crosetti—had passed their pre-induction physical examinations.

Whit Wyatt, star right hander of the Brooklyn Dodgers, sent word to the Brooks' Bear Mountain, New York, camp that he had been reclassified 1-A and probably would be called soon for an examination. News from other big league camps:

Adams Signs
Lakewood, N. J.—Ace Adams, star relief pitcher, signed a Giant contract at what was termed a "substantial" increase in salary. He appeared in 70 games, a record, last year.

Cape Girardeau, Md.—Pitcher Jack Kramer arrived in Browns' camp still unsigned. He is expected to discuss terms with vice president Bill Devitt today.

French Lick, Ind.—Orval Groves pitched well for White Sox in exhibition against Detroit. Yielded only four hits, no runs in three-inning stretch.

Frederick, Md.—Russ Christopher used sidearm delivery exclusively in pitching scoreless innings for A's against Baltimore.

French Lick, Ind.—Manager Jimmy Wilson of Cubs, gave this probable lineup against Reds tomorrow, other than pitcher and catcher: Bill Schuster ss; Don Johnson 2b; Phil Cavarretta 1b; Ival Gooden 3b; Bill Nicholson lf; Ed. Pete Elko or Peanut Lowery cf; Tony York 3b.

Wilmington, Del.—Pitchers Al Gerheuser, Charley Schanz and Warren Fralick slated to work today in Phillies intra-squad camp game.

Evansville, Ind.—Tigers received word from Robert Gillespie, 24-year-old right hander, that he'll report within a week from Columbus where he worked in war plant.

Nats Hit Hard
Muncie, Ind.—Pirates' southpaw Cucurullo is scheduled to appear before draft board today seeking to have his physical exam transferred from New Jersey home board.

College Park, Md.—Washington Regulars drove out nine hits in six inning intra-camp tussle, most against Early Wynn and Mickey Haefner.

Lafayette, Ind.—Cleveland work-outs changed from morning to afternoon. Team disappointed that game with Pirates rained out.

Bloomington, Ind.—Pitcher Ray Starr, Red holdout, scheduled to talk terms with General Manager Warren Giles and may join club.

Baltimore—Boston Red Sox expect to get in three-hour workouts daily rest of week.

Wallingford, Conn.—Braves still working out indoors, but Manager Bob Coleman hopeful club will get outdoors this week.

CRAIG WOOD IS DURHAM WINNER
Durham, N. C., March 27 (AP)—Craig Wood's back is well again. He proved it yesterday with a convincing 271 score in winning the \$5,000 Durham Open Golf tournament.

It was the first tournament for the 42-year-old handsome blond from Mamaroneck, New York, since he discarded the famous brace the doctors made him wear when a jumpy sacroiliac threatened to end his career.

His back first started bothering him at the peak of his success in 1941. This year he won the national open and the Augusta Masters, after being a perpetual runner-up. He won those tournaments wearing the brace. But aside from coping a four-ball meet at Minneapolis with Jimmy Demaret last year he hadn't been able to break into the winner's circle. He volunteered for military service but was rejected and for a time the doctors thought he would never be able to play golf again.

Pretted by his failure to get back on his game, he resorted recently to using mirrors to improve his swing. While it was three curling putts of 12 to 25 feet on the last five holes that got him his winning margin yesterday it was great wood club play that put him in position to beat Byron Nelson.

Finals Tonight In Golden Gloves Bouts

New York, March 27 (AP)—Youngsters from such distant points as Los Angeles and Puerto Rico battle it out tonight for the National Golden Gloves amateur boxing championships in Madison Square Garden, as finalists from New York and Chicago tournaments clash.

These matches have been definitely set, all in the championship division, with the New York entry named first:

112-pound: Cecil Schoonmaker vs. Tommy Nate.

126-pound: Frank Perone vs. Major Jones.

135-pound: Max Grothe vs. Buddy Holderfield.

160-pound: Hy Bronstein vs. Collins Brown.

175-pound: Herb Kroeten vs. Ray Standifer.

Bronstein, who won the title last year for Chicago, is now captain of the New York team and is the first man in history to have a chance to win a championship for each squad.

SPORT SHORTS

Lancaster, Pa., March 27 (AP)—Miss Mary Snyder, 1943 winner, again captured Class A all-events honors in the Pennsylvania State Women's Bowling tournament, rolling a total of 1,673—or 553 in team competition, 532 in doubles and 588 in singles. The Broad-Olney team of Philadelphia took the Class A team title.

State College, Pa., March 27 (AP)—Lower Merion high, perennial state basketball champion, now holds the state gymnastics title, too.

Lower Merion 29; Warren, three-time winner, 26½, and Pottsville, 24½, in the first PIAA gymnastics tourney during the week-end.

Williamsport, Pa., March 27 (AP)—Easton Catholic high won the annual K. of C. State Catholic High School Basketball championship Saturday night with a 43-26 victory over St. Basil's of Pittsburgh. Easton beat Pittsburgh North, 36-21, in the semi-finals, while St. Basil's beat Central of St. Mary's, 39-33.

FORD REPEATS RECORD SWIM

New Haven, Conn., March 27 (AP)—With most of the nation's leading swimming coaches watching in amazement, Alan Ford, Yale's sensational water wizard, showed them what a 49.7 seconds 100-yard freestyle sprint looked like.

Matt Mann of Michigan, Mike Peppe of Ohio State, among others, rubbed their eyes, Saturday night, as Ford equalled his previous week's phenomenal stunt and proved the sensation of the two-day national collegiate swimming championships finale here.

"To us," they thrilled, "it was the arrival of the equivalent of a four-minute mile run; a sight all of us had hoped to see in our lifetime." Ford also won the 50-yard freestyle and 150-yard backstroke, sparking the Elis to a 39-38 team title triumph over Michigan.

Next to Yale and Michigan, other team standings were: U. S. Naval Academy and Ohio State, last year's champs, 24 each; Columbia, 22; U. S. Military Academy, 14; Williams, 7; Rochester and Brown 4 each; Minnesota, 3; R. P. I., 2.

Girl and Two Sailors Are Swept Over Dam

Philadelphia, March 27 (AP)—A girl and two sailors were swept over the 13-foot Fairmount dam in Fairmount park last night, and early today only one body—that of Joseph Oswiecki, 16—had been recovered. Oswiecki had just been discharged from the Navy because of his age.

The missing couple was not immediately identified. Witnesses said their rented canoe moved too close to the dam and was caught in the current. The stream was 15 inches above normal.

Man, 78, Feared Amnesia Victim

Wilkes-Barre, Pa., March 27 (AP)—Former state representative Edward Watts, 78, missing from home since March 18, was feared today to have suffered an attack of amnesia.

His daughters, Helen and Mary Watts, Wilkes-Barre school teachers, expressed the fear in a report to police, saying there had been no trace of him since he stepped off a bus in Hazleton.

OPA WARNING

Philadelphia, March 27 (AP)—The regional War Manpower Commission warned that employers designating as "locally needed" would lose the classification if convicted of violating OPA ceilings or other government regulations. Their employees thus would be permitted to quit without obtaining releases.

STATE C-D UNIT MAY HANDLE JOB OF VOTE CENSUS

Harrisburg, March 27 (AP)—The state Defense Council may handle the job of seeing that the commonwealth has the name of every Pennsylvanian—home or abroad—who is qualified to cast a ballot under a proposed liberalized soldier vote law.

Although no definite announcement has been made, an authentic source said today that the plan will be recommended to Governor Martin.

The governor is awaiting the report of a special committee, studying the soldier vote problem before deciding whether to summon the legislative into special session May 1 to make it easier for Pennsylvanians in the armed services to exercise their right of franchise.

Use of Defense Council personnel was suggested after the New Jersey council approved a plan under which:

Defense volunteers will make house-to-house canvasses in their individual areas during the first 24 days of April. Families will be asked to sign cards, giving addresses of servicemen and women which will be turned into the state adjutant General's office for certification as voters. Certified names will be sent to county clerks who will mail ballots.

The New Jersey plan calls for the same procedure in urban and rural areas.

State officials here are reported to be considering use of the 40,000 block leaders—service wardens in charge of volunteer work in neighborhood areas—in the large cities and some of the 200,000 air raid wardens in rural sections.

Acquitted In Death Would Enter Service

Media, March 27 (AP)—John "Jackie" Leeds, 17, acquitted of a murder charge, now wants to join the Navy or Merchant Marine.

"It's my ambition to be a sailor," he said after a jury found him innocent in the fatal beating of Miss Belle Geary, 80. Nearly two years ago he was acquitted of murder in the death of Miss Geary's sister, Mrs. Elizabeth Watson. Both were attacked in an attempted robbery here in 1941.

Leeds' counsel maintained that the boy was not in Media the night of the crime.

Property Damage Will Be Avoided

Harrisburg, March 27 (AP)—Highway Secretary John U. Shroyer, today assured property owners along present and proposed highways that in no case where it is not absolutely necessary will there be any wanton destruction of private property when construction of any new highway is contemplated.

"Governor Martin has asked me to assure property owners that their rights shall be observed in every instance," declared Shroyer, "and only where there is no alternative will any property be condemned. I can definitely say, where ever possible, we will add to, and enhance the beauty of spots so close to Pennsylvanian's hearts."

SLAIN BY THIEVES

Pittsburgh, March 27 (AP)—Tucker Boxley, 65, was found dead at his Belleue home yesterday, police said, the victim of an unknown assailant who crushed his head with a heavy iron bar. Just Folks

NEW CHARM
From numberless sources all loveliness springs.
From snow-covered mountains to butterfly wings;
From laughter and music and blossom and bee
Comes charm for us mortals to hear and to see.
And now here's new splendor of which I must tell:
Ellen Elizabeth can't pronounce "L". Her "Ts" are all "ys" at the start of a word.
Which makes it the loveliest speech ever heard.
Her ladies are "yadies." The little word, like,
In her rapid-fire utterance comes out as "yike."
And so sweetly it sounds that I say it as well
Ellen Elizabeth can't pronounce "L".

She writes me a "yetter" and over my little book,
As I settle to read it, she begs for a "yook."
"I yove you!" she tells me. Has Heaven above
A richer delight than such innocent love?
Like magic, this holds us all fast in its spell:
Ellen Elizabeth can't pronounce "L".

Today's Talk

GARDNER OF HUMAN BEINGS

Already minds are turning to gardens, to the smile of Earth, and to the breaking of the seals upon Nature's sleeping creations. Dirt will be broken, spades and hoes will do man's dearest wish—to see a Garden born again! I have never known an unhappy gardener. The Earth is the Bible from which he reads.

There is another gardener that I am thinking about as Springtime creeps in—the Gardener to Human Beings. He who cultivates the crude earth of the mind, putting the substance of that earth into form, then planting worthy seeds, furnishing the sunlight, the rain, and the patience, that a glorious garden may result—a garden of spirited thoughts, varied expressions of beauty, and one that is indicative of the life of its owner.

Jesus was such a Gardener. He planted nothing in the minds of men but a regard for all that God had created. His entire ministry was devoted to planting the seeds of hope and happiness in people's lives. All the great lovers of the earth—Thoreau, Jeffries, Muir, Hudson, Thomas, as well as the poets—have always been sowers of seeds, gardeners to human beings. They are the ones who have been the fore-runners of the philosophers, the moralists and the teachers.

It is a noble thing to put a seed, or a plant, or a tree into the good earth and watch it come to maturity and to beauty, but it is far more wonderful to put seeds into the human mind and start a garden there! Just imagine the gardens that such writers as Hugo, Dickens, Stevenson, Darwin, Emerson, Franklin, Hearn, and endless others have planted in the minds of human beings all over the earth—gardens yet to be fertile and to spring to life some day in the unborn as well.

Every once in a while I run across one of these gardeners who wants to plant a garden for me—without my knowing anything about it—and before I realize it a garden has sprung to life in my intellectual acres! A new book, a new author, or a new friend, with his hands full of seeds. We can all be really gardeners to the mind.

Tomorrow Mr. Adams will talk on the subject: "A Singer From the Hills."

Arizona's eight national forests have a total area of more than 11,000,000 acres.

GOVERNOR TO ASK OKAYS ON APPOINTMENTS

By WICK TEMPLE

Harrisburg, March 27 (AP)—Confirmation of appointees to a dozen key posts, at least seven major boards and commissions and hundreds of minor jobs will be asked by Governor Martin at the special legislative session slated for May 1 to facilitate soldier voting.

All appointments made since adjournment of the 1943 legislature must be submitted for approval of the Senate, where the Republican Administration holds a 32-18 majority but lacks the necessary two-thirds vote for confirmation. Names of appointees usually are held in committee unless the Democratic minority agrees to approval.

WINCHELL AND DIES EXCHANGE WORDS ON AIR

Washington, March 27 (AP)—Speaking from separate booths in the same radio broadcasting studio, Chairman Dies of the House committee investigating un-American activities and Walter Winchell, the columnist and commentator, swapped acid words on the air last night in a renewal of their famous feud.

Then—without benefit of script or microphones—they happened to run into each other in the studio reception room as they left the building, and exchanged classic cracks.

Facing the Texas Democrat who has had his committee subpoena the transcripts of all the Winchell broadcasts of the last two years, Winchell asked why he had not been personally called before the Dies committee.

Trade Caustic Jibes

"All in good time," Dies replied. "Let's," jibed Winchell, "get together and tell some more lies about each other."

"I'd have to go some to get even," Dies snapped as he shouldered his way through a press of spectators. In their broadcasts, Winchell—who has been a frequent critic of Dies committee functioning—recited what he described as "a newspaperman's personal declaration of independence" and Dies renewed his charge that the commentator had been "used" by others in a campaign to "smear" Congress.

The Texan used the expression "smear band."

"The history of liberty is the history of resistance to irresponsible men who happen to be armed with the powers of government," said Winchell.

"Program of Villification"
"Congress is the last bulwark of your freedom," Dies told the same listeners. "I warn you that there is in this country a carefully organized and integrated and dangerously intelligent and aggressive movement to undermine the authority and destroy the prestige of Congress in the interest of setting up an all-powerful central executive. This program of villification is part of that. . . . We are going to find out and tell you who is paying the bills."

The congressman specifically demanded to know "who is the great personage" who, according to Winchell, had instructed him to continue his radio work in lieu of active service with the Navy in which the commentator holds a reserve commission. Winchell recently said the matter could not be fully detailed until after the war.

No Retractions

Said Winchell of the "smear" charge last night:

"If any lawmaker thinks he is damaged personally he is guaranteed his full day in court. . . . As for myself, I will gladly appear before any open court or any constitutional authority, and I here and now freely waive all immunity. I demand only two rights. . . . That I have the right of cross-examination, and that the public be present."

The commentator added: "Far from retracting a single statement, I reiterate every one of them."

Chaplin May Take Stand This Week

Los Angeles, March 27 (AP)—Charlie Chaplin may take the stand this week to deny the federal government's charge that he transported red-haired Joan Berry to New York city for immoral purposes.

Trial of the 54-year-old movie comedian on charges of violating the Mann act will be resumed tomorrow in Judge J. F. T. O'Connor's court. The government has almost completed its case. As soon as it rests, Defense Counsel Jerry Giesler is expected to ask for dismissal on the ground that the prosecution has not presented sufficient evidence to warrant the charge.

If this is denied, Chaplin may take the witness chair to enter a courtroom denial along the line of that presented by Giesler in his opening statement to the jury of seven women and five men.

STATE INDUSTRY AT ITS HIGHEST PEAK ON RECORD

State College, Pa., March 27 (AP)—Pennsylvania's industrial activity is at its highest point in history.

The monthly business survey of Pennsylvania State college today disclosed that the business index—based on 100 from 1935 to 1939—climbed to the record mark of 240 in February, 28 points above the figure a year ago.

However, the survey reported that factory employment and war production have reached the leveling-off stage and added that factory wage earners totaled 1,243,000, the same as January this year and February last year.

Coal Output Up
"Many plants have reached capacity production and consequently need no additional employees," said Dr. George H. Lefler, director of the survey. "Mygeover, the draft is taking men as quickly as industry can recruit them which contrives to keep the employment total the same."

Average hourly earnings in factories, the survey said, increased to a new high of \$1.04 and the average weekly incomes rose to a new peak of \$47.03.

The introduction of a seven-day work-week helped anthracite production to spur to its highest February level since 1936, the survey declared, while bituminous output exceeded all February totals since 1927.

H. P. HARTLAUB

CHURCHILL SURE OF VICTORY; NO TIPS ON INVASION

London, March 27 (AP)—Restrained approval, lacking in the enthusiasm of the early war years, was expressed today by most London newspapers for Prime Minister Churchill's address last night in which he confidently predicted victory and praised the Russian westward advance as "the greatest cause of Hitler's undoing."

There seemed some disappointment among the average listeners who had been expecting another great call to valor on the eve of the mighty, decisive events fore-shadowed by Churchill's warning that "the hour of greatest effort is approaching."

Circle of Avenge Nations

In his 47-minute broadcast address, his first for a year, the Prime Minister did not touch upon problems of his diplomacy confronting the Allied Nations, as some quarters had expected he might, but reviewed the war's progress in all theaters, strongly defended his administration, and in general terms outlined post-war economic plans for Britain.

He spoke only guardedly of the forthcoming western invasion of Europe, but in one obvious reference declared:

"I must warn you that to deceive and baffle the enemy there will be many false alarms, feints and dress rehearsals. . . . When the signal is given the whole circle of avenging nations will hurl themselves on the foe."

"What Fools the Japs"

Announcing that American air power in Britain now exceeds that of the vastly expanded RAF, he predicted that the two mighty forces together in future months would produce results "which will certainly be of enormous advantage to the cause of the Allies."

In the Pacific, he said, it is possible that progress may be made "more rapidly than was formerly thought possible" because the Japanese "are showing signs of grave weakness" under hammer blows from the expanded United States Navy.

"What fools the Japanese ruling caste were," he declared, "to bring against themselves the might and latent war energy of the great republic."

"Russian Valor, Generalship"

Turning to Russia with words of personal praise for Marshal Stalin, the Prime Minister declared: "Not only have the Hun invaders been driven from the land they have ravaged, but the guts of the German Army have been largely torn out by Russian valor and generalship."

The Allied campaign in Italy, he said, "has not been as rapid or decisive as we had hoped," but he added that he had no doubt that Rome would be "rescued" despite nearly 25 German divisions now in Italy.

The Prime Minister said progress had been made in shaping such post-war plans.

Just Folks

NEW CHARM

From numberless sources all loveliness springs.

From snow-covered mountains to butterfly wings;

From laughter and music and blossom and bee

Comes charm for us mortals to hear and to see.

And now here's new splendor of which I must tell:

Ellen Elizabeth can't pronounce "L."

Her "L's" are all "y's" at the start of a word,

Which makes it the loveliest speech ever heard.

Her ladies are "yadies." The little word, like,

In her rapid-fire utterance comes out as "yike."

And so sweetly it sounds that I say it's as well

Ellen Elizabeth can't pronounce "L."

She writes me a "yetter" and over my book,

As I settle to read it, she begs for a "yook."

"I love you," she tells me. Has Heaven above

A richer delight than such innocent love?

Like magic, this holds us all fast in its spell:

Ellen Elizabeth can't pronounce "L."

Today's Talk

GARDNER OF HUMAN BEINGS

Already minds are turning to gardens, to the smile of Earth, and to the breaking of the seals upon Nature's sleeping creations. Dirt will be broken, spades and hoes will do man's dearest wish—to see a Garden born again! I have never known an unhappy gardener. The Earth is the Bible from which he reads.

There is another gardener that I am thinking about as Springtime creeps in—the Gardener to Human Beings. He who cultivates the crude earth of the mind, putting the substance of that earth into form, then planting worthy seeds, furnishing the sunlight, the rain, and the patience, that a glorious garden may result—a garden of spirited thoughts, varied expressions of beauty, and one that is indicative of the life of its owner.

Jesus was such a Gardener. He planted nothing in the minds of men but a regard for all that God had created. His entire ministry was devoted to planting the seeds of hope and happiness in people's lives.

All the great lovers of the earth—Thoreau, Jeffries, Muir, Hudson, Thomas, as well as the poets—have always been sowers of seeds, gardeners to human beings. They are the ones who have been the fore-runners of the philosophers, the moralists and the teachers.

It is a noble thing to put a seed, or a plant, or a tree into the good earth and watch it come to maturity and to beauty, but it is far more wonderful to put seeds into the human mind and start a garden there! Just imagine the gardens that such writers as Hugo, Dickens, Stevenson, Darwin, Emerson, Franklin, Hearn, and endless others have planted in the minds of human beings all over the earth—gardens yet to be fertile and to spring to life some day in the unborn as well.

Every once in a while I run across one of these gardeners who wants to plant a garden for me—without my knowing anything about it—and before I realize it a garden has sprung to life in my intellectual acres! A new book, a new author, or a new friend, with his hands full of seeds. We can all be really gardeners to the mind.

Tomorrow Mr. Adams will talk on the subject: "A Singer From the Hills."

Arizona's eight national forests have a total area of more than 11,000,000 acres.

CHAPLIN MAY TAKE STAND THIS WEEK

Los Angeles, March 27 (AP)—Charlie Chaplin may take the stand this week to deny the federal government's charge that he transported red-haired Joan Berry to New York city for immoral purposes.

Trial of the 54-year-old movie comedian on charges of violating the Mann act will be resumed tomorrow in Judge J. P. T. O'Connor's court. The government has almost completed its case. As soon as it rests, Defense Counsel Jerry Giesler is expected to ask for dismissal on the ground that the prosecution has not presented sufficient evidence to warrant the charge.

If this is denied, Chaplin may take the witness chair to enter a courtroom denial along the line of that presented by Giesler in his opening statement to the jury of seven women and five men.

It is a humanitarian effort, efficiently executed, and proves again that Adams county is a one hundred per cent American community going "all-out" in every effort to help win this war in the earliest possible time with a minimum loss of life.

If every county carried on its war jobs as well as Adams county has, we'd be ten jumps farther in our home-front effort.

It is a humanitarian effort, efficiently executed, and proves again that Adams county is a one hundred per cent American community going "all-out" in every effort to help win this war in the earliest possible time with a minimum loss of life.

If every county carried on its war jobs as well as Adams county has, we'd be ten jumps farther in our home-front effort.

JAPS MAKING ADVANCES IN INDIAN PUSH

By CHARLES A. GRUMICH New Delhi, March 27 (AP)—Japanese pressing forward in their invasion of India have made some progress in the general direction of Kohima, 30 miles inside the border and some 60 miles north of Imphal, a southeast Asia communique reported today.

Across the Naga hills from Kohima lies the Bengal-Assam railway, vital artery for Allied forces in the north.

But Japanese pressure in the Ukhrul area, 32 miles north of Imphal "is being contained," the communique said. Severe fighting was an indication that one of the three Japanese invasion spearheads had been stopped at Admiral Lord Louis Mountbatten's commanders marshaled strength to meet the general offensive aimed at cutting the Allies' Assam supply lines.

In the Mogaung valley, American-trained and equipped Chinese forces continued to advance against stiffly resisting Japanese forces cut off when Shaduzup was captured by Brig. Gen. Frank Merrill's Marauders in an "end run" around Japanese lines. This drive is one of two Allied thrusts against Myitkiana, main Japanese base in north Burma and terminus of the railroad from Mandalay.

The other Allied spearhead driving toward Myitkiana from Sumprabum made further progress and occupied the village of Tinpai.

Heavy and medium bombers, dive-bombers and fighters operated widely in support of the Allied ground forces. Heavies concentrated on Japanese troop concentrations and other objectives on the Imphal-Tiddim road.

Traffic Snarled, Cars Threatened By Blaze

Linden, N. J., March 27 (AP)—Two hundred oil tank cars awaiting unloading were momentarily threatened, and traffic on highway route 25 was snarled for more than an hour yesterday, by a fire in a waste-oil pit near the "Big Inch" pipeline terminal.

Police and firemen said damage was slight, and a Standard Oil Company of New Jersey spokesman said there was no damage.

Near the fire were the big unloading rack operated by the Standard Oil Company of New Jersey for the petroleum industries committee, and also the eastern aircraft division of General Motors.

ESCAPE from PARIS

Chapter 7

Suddenly Adrienne was aware of the prolonged stare of an officer in the Nazi uniform, who together with several comrades sat at a table facing Schafer and herself. His cool, brazen survey of her had in it a suggestion of appraisal that changed on meeting her fleeting somewhat hostile glance to one of obvious admiration and desire.

He was soldierly, lean in build and stiffly correct in appearance, with close cropped hair and would have been good looking but for the unmistakable signs of dissipation evident in his face.

He now lost no time in making his way to the agent's side.

"Ach, good evening Herr Schafer." He bowed stiffly, speaking in German. "May I have the pleasure of meeting your charming—" he cleared his throat, "friend?"

Adrienne noted Schafer's eyes contracted a little, and his look of displeasure indicated his reaction to the officer's overture. "May I present Herr Kapitän Von Ebert, of Headquarters Staff, Mademoiselle Girard."

Herr Kapitän Von Ebert bowed formally. "Would Mademoiselle care to dance?"

"If Herr Schafer has no objection," Adrienne returned glancing at her escort inwardly incensed at the effrontery of the officer, yet uncertain as to the advisability of rebuffing him.

Herr Schafer looked closely at her for a minute without speaking as if seeking to read her thoughts. Then he nodded curtly.

A minute later Adrienne was held strongly by the strong encircling arm of Von Ebert, who appeared oblivious of the efforts she made to avoid the close contact. Realizing his only reaction was a determination to deepen his hold on her waist, she was conscious of an instant aversion towards him. How odious these arrogant Nazis were, how insufferable their manners. Her mind evoked a sudden image of Johnny's face, and a pang hit her. What would he think of her if he could see her now in this cafe as the guest of the Nazi agent, and at this moment in the arms of a Nazi officer? Yet it had been with the object of placating the agent and warding off his investigation of affairs connected with the Dragon Rouge, that she had accepted his invitation. Would Johnny believe that? Would he understand? He would wonder at her avoidance of him that day.

She was aware that the orchestra had ceased playing, and that Herr Kapitän Von Ebert had not relinquished his hold on her arm. His steel grey eyes were regarding her with obvious admiration. "You dance divinely, Fraulein." "You flatter me, M'sieu. What of your own countrywomen. Do they not dance well?"

He shrugged his shoulders. "That is not their strong point." His eyes fell on her gown, on her slender yet developed figure. "I must see you again. Will you

give me your address, Mademoiselle?" He drew out a card on which his name and rank were engraved, with Continental Hotel written below.

He thrust the card in Adrienne's hand. But before she could reply, German voices sounded in her ears, and turning she saw that two junior Nazi officers were confronting Von Ebert, clicking their heels with a "Heil Hitler" salute, and casting at her audacious looks of open admiration. It was evident to Adrienne that both had taken more champagne than was good for them, and were clamoring in German for an introduction to herself.

With obvious unwillingness, Kapitän Von Ebert presented them as Herr Oberleutnant Fischer, and Herr Oberleutnant Muller.

"Will you dance?" asked Herr Fischer in French, eagerly laying his hand on her arm.

"Thank you, but I'm afraid it is impossible," Adrienne spoke coldly moving out of the reach of his hand.

"Not even one dance with me?" interposed Muller, stepping closer.

Von Ebert suddenly wheeled on his two subordinates in anger, and spoke harshly to them in German.

As they moved away instantly, again clicking their heels and saluting Von Ebert turned to Adrienne. "I must warn you Fraulein, be careful in your dealings with Herr Schafer. He is a dangerous man to antagonize. I do not know how you have come in contact with him, but if you need help at any time, I am willing to offer you my protection."

Adrienne remained poised. "Thank you Herr Kapitän. I shall remember that, but I am not likely to have any trouble with Herr Schafer. You must not imagine there is anything between us, but—" she hesitated an instant for a word, then finished rather lamely with "—a chance acquaintance."

She realized Von Ebert would naturally wonder, if this were the case, why she had consented to dine with him.

You know the Government has requested us not to maintain an unfriendly attitude toward you," she amended smiling.

"That is the attitude we hoped to find, and had instructions to govern ourselves accordingly," responded Von Ebert regarding her fixedly through his monocle. "And the reaction of the public has not been pleasing to us."

"You must imagine yourselves in our place," said Adrienne. "It has been difficult for us. Bon soir M'sieu." She bowed to him and turned hurriedly retracing her steps towards her table. There was an expression of impatience and resentment on Schafer's face. She noticed that during her absence he had made visible inroads on the bottle of champagne, and had ordered another.

"Monsieur, it is getting late. I must go home."

"Let us have another drink first," he said gruffly, pouring out a glass

of champagne for himself, then filling hers.

"To your health Mademoiselle," he bowed over his wine glass, "and to our further acquaintance."

She tried to smile as she lifted her glass to her lips. In Schafer's car to Madame Dupont's apartment in the Rue de Valenciennes, he made more than one attempt to encircle her waist with his arm but as each time she drew from him, he lapsed into silence.

RADIO PROGRAMS

New York, March 27 (AP)—For the time being the Lum and Abner show of the BLU is going ahead without change. Abner, played by Norris Goff, who recently passed his induction physical, has been granted a 60-day deferment.

Word from Hollywood is that the delay was allowed so the boys can complete another movie, work on which starts in April. Just what will be done about the broadcast when Abner does get called, still hasn't been settled beyond the possibility another voice might be tried as Abner. Abner is now 37, but has a birthday in May.

New Legal Move In Nancy Holt Case

Waynesburg, Pa., March 27 (AP)—The Greene county court has been informed by counsel for Nancy Jeannette Holt, 29, sentenced to life imprisonment for the murder of her husband, that it will file a motion for a writ of supersedeas, automatically staying execution of the sentence pending an appeal to the State Supreme court.

Notification was made after Judge Challen W. Waychoff denied Mrs. Holt's appeal for a new trial Saturday and sentenced her to the Women's Industrial Home at Muncy, Penna.

The new "Walkie-Talkie" man-packed radio used by front-line troops has remarkable clarity of tone due to use of frequency modulation.

TELL WHAT NEW TAX BILL WILL AND WON'T DO

By JAMES MARLOW and GEORGE ZIELKE
Washington, March 27 (AP)—Congress will take great strides toward simplifying the federal income tax if, as expected, it passes the "streamliner" proposal now being cooked up.

It's designed to eliminate most of the complications for 40,000,000 of the nation's 50,000,000 income taxpayers.

However, before the enthusiasm gets too high, let's note some of the things the proposed law will not do:

1. It won't reduce your taxes unless you have more than two children or other dependents. Some persons, particularly childless couples, will be nicked for more money.
2. It won't excuse you from paying next March, if you haven't done so already, the second half of the "unforgotten" hangover of 1942-43 tax.
3. It must excuse you from filing an annual tax report—but in the average case this will be simply the slip you get from your boss showing how much he's paid you and how much was taken out for tax. For others, the forms will be a lot simpler than in the past.
4. It won't eliminate the requirement of declarations of estimated 1944 tax by April 15 from 15,000,000 taxpayers who aren't on regular wages or salaries, or who earn more than \$2700 if single or \$3500 for a married couple, or who have more than \$100 of outside income in addition to wages or salaries. But fewer persons would have to file declarations next year.

The proposed law would replace the present setup with two taxes:

1. A "normal" tax of 3 per cent of each person's income over \$500 (regardless of marital status).

Automatic Deductions

2. A "surtax" starting at a rate of 20 percent on the first \$2,000 of taxable income after exemptions of \$500 for each person dependent on this income (husband, wife, children, other dependents).

On each tax, a person automatically would get "deductions" amounting to 10 per cent of income up to \$5,000; automatic deductions would be \$500 on incomes of \$5,000 up. If he had more legal deductions, he could get them by writing them on his return.

The Internal Revenue bureau would figure the tax for anyone with wages or salaries up to \$5,000, provided he had less than \$100 of additional income—and send a bill or a refund if due.

Withholding Plan

Starting next year, the whole amount of tax would be withheld on wages and salaries up to \$5,000. For those who aren't on wages or salaries but whose income is less than \$5,000, the tax return would require no complicated mathematics—the taxpayer would write down his income, "count noses" on members of his family, and find his tax in a set of tabulations arranged under number of persons dependent on this income.

In effect, everybody would be withholding \$500 exemption on the surtax—his own or somebody else's. This would be broad enough to include children in college who recently aren't classed as dependents because they're over 18.

visit Shakespeare's birthplace as well as the remains of the house in which he wrote "The Tempest," his last play; the Shakespearean theater, Ann Hathaway's cottage, Collegiate Church of Holy Trinity where Shakespeare is buried, and the famous "wishing well." Modern legend has it that the Yanks all wish for the same thing there, "Home by Christmas."

Provides Amusements

Ponting on the river Avon—with emergency fatigue clothes ready for those who fall in—horseback riding, golf, tennis, and the White Swan golf and tennis team, are other attractions instituted by Miss Hall at the White Swan club. She coached, managed and played on the team herself at times.

Chief opponents were RAF cadets. They became so interested in the game that softball now is incorporated in their physical education programs. Yanks with a talent for stealing bases usually emerged winners in the Saturday afternoon games, however.

The many Americans in the Canadian forces particularly welcomed the white Swan club, and the first American girls they had seen since enlisting in 1939.

Permit One Guest

Kathy Hall remembers the day one young flight sergeant from New York was promoted. After the ceremony, he edged timidly toward her with a bouquet of flowers. "Would you mind very much being my mother for today?"—If she were here, I'd give her these," Kathy thanked and congratulated him, and they talked awhile before she was called away. But he ran after her—"if my mother were really here, she'd kiss me today!"

Every Yank was permitted to bring one friend in the Allied forces as his guest to the club. Square dancing was taught, and frequent dances were staged for the men. The girls on these occasions were young actresses from the Shakespearean theatre, civilian government workers, and girls in the ATS and WAAF.

Frances G. Kinnear of New York city, was director at White Swan club, with Virginia Ekstist of Salt Lake City, Utah, as assistant club director. At the camp club, Sylvia Rismann of Buffalo, N. Y., was staff aide. It was her idea to have the club's one blank wall done into the vivid "hands across the sea" mural by Sgt. Holtzclaw, of Texas.

Turn To Red Cross

"In England," states Miss Hall, "the American Red Cross camp clubs and the leave area clubs are the answers to every welfare problem of the American G. I. In that congested country, the American servicemen naturally turn to the Red Cross for meals, a bed on leave, and his entertainment. And every Red Cross worker considers it the highest tribute when a Yankee says, 'Gee, this is just like my country club at home.'"

Miss Hall was camp director with John B. Brady, of Flushing, N. Y., as Field Director, at a military base in England before returning home. There, the men who did not have off-limits passes enjoyed the American Red Cross snack bar, recreation

1,800 Miners Back At Work After Strike

Johnstown, Pa., March 27 (AP)—Two mines, shut down since last Wednesday because of walkouts, resumed operation today upon settlement of strikes affecting 1,800 men.

Nine hundred miners of the Rochester & Pittsburgh Coal company at Ernest (Indiana county) voted to return to work when Federal Conciliator Thomas Lambert said he would take action on their grievance involving the refusal of two men to join the Clerical, Technical and Supervisory Employees Union of District 50, United Mine Workers.

A dispute which arose among shuttle car operators at the Elvensburg Coal company mine at Elvensburg (Cambria county) was settled at a meeting yesterday when the 900 miners were promised that the War Labor board would receive their grievance.

LIFT SUSPENSION

Steelton, Pa., March 27 (AP)—A two-day suspension was lifted today for 46 Swatara township high school pupils who skipped classes last week when a trip to the new Dauphin county courthouse—in interest of their study of democracy—was postponed.

room, reading room, library, and card room. The camp club was called "Grand Central Station" by the boys, and Kathy Hall made sure an appropriate number of diversions were available to the men at all times. She played ping-pong and pool with them, and planned surprise treats for each evening.

Attractive Miss Hall went overseas with the American Red Cross last June. She is a graduate of Lebanon Valley College, Annville, Pa., and was associated with the Advertising department of Armstrong Cork Company's Home office, Lancaster, before joining Red Cross.

Roosevelt, Dewey Delegates Favored

New York, March 27 (AP)—New York will elect tomorrow undistricted delegates to the Democratic and Republican national conventions, but the complexion of the delegations will be decidedly pro-Roosevelt and pro-Dewey for the respective presidential nominations.

The organization slates of 86 Democratic and 85 Republican delegate-candidates are unopposed and their election at the primary will be a formality.

New York will have 93 votes in the Republican convention and 96 in the Democratic. Delegates-at-large will be chosen within two weeks by the state committees—eight Republicans, each with a full vote, and 20 Democrats, each with a half vote.

Although Gov. Thomas E. Dewey has insisted he is not a presidential aspirant, politicians count most of the New York delegation in his camp in the event of a draft movement. At least three district delegates are known to be for Wendell L. Willkie, but Willkie supporters contend about 12 favor him.

TRUMAN STIRS SENATE STORM

Washington, March 27 (AP)—Republican charges that Senator Truman (D-Mo) was using his chairmanship to further a fourth term for President Roosevelt blew up a political storm today over the Senate's War Investigating committee.

Senator Bushfield (R-SD) answered Truman's plea for a continuation of the President's "wise and experienced" leadership with an assertion that the committee which has been critical of some phases of the war effort apparently was "being used now to forward the candidacy of one man for president."

"I think the statement is completely partisan and out of place," Bushfield declared. "The people had hoped that the investigating committee would be entirely non-partisan but it seems now that it is being used to advance a fourth term."

In a press statement issued through the office of the secretary of the Senate in his absence, Truman said yesterday that with the "crucial European invasion at hand" our commander-in-chief will require prayerful understanding and vigorous support.

"I think the country realizes," the Missouri senator said, "that we have wise and experienced leadership. And I am further convinced that this leadership will be continued until the job at hand is completed. No one can divide us in this supreme effort. No patriot will attempt it."

DEMOCRATS HIT GOP CRITICISM OF STATE DEPT.

By JACK BELL
Washington, March 27 (AP)—Democrats lashed back at mounting Republican criticism today with a vocal defense of the administration's foreign policies and an attack on the "isolationist" opposition they said would pave the way for World War III.

Disclosing that he planned a Senate speech soon on the matter, Chairman Connally (D-Tex) of the Foreign Relations committee took to task critics who say the State department has no definite foreign policy and is operating on a day to day basis.

"Of course we have a foreign policy and it has been well defined by the objectives laid down by Secretary of State Hull and others," Connally declared in an interview. "But the first thing we have to do is win the war. Diplomacy must be subordinated to that right now. That doesn't mean that we are not planning for the future."

Hit Isolationists

"We are not going to say to our Allies 'Here, you've got to do this now or we're going to quit the war,'" Connally's comment was in line with the tack reportedly taken by Hull recently in conferences with members of Congress—that it's unwise to rock the boat by specific demands now on territorial and other problems.

Another administration supporter, Senator Tamm (D-Del), struck at the "isolationists" who, he said, fought every move of President Roosevelt to increase the size of the Army and Navy before Pearl Harbor and "now want to take charge of America."

FARM DEFERMENTS

Harrisburg, March 27 (AP)—Under an agreement effective today, applications for deferment of farm workers will be checked by Pennsylvania representatives of the agricultural adjustment agency and employees of the state agricultural extension service. State AAA chairman Clyde A. Zehner said reports of investigations will be submitted to draft boards.

BRYANT TO ARMY

Harrisburg, March 27 (AP)—J. C. Lester Bryant, 33-year-old chief air raid warden of Pennsylvania, has been accepted by the Army and will report to the New Cumberland induction center April 5. Bryant, a native of Washington, Pa., is married and has two children.

New Legal Move In Nancy Holt Case

Waynesburg, Pa., March 27 (AP)—The Greene county court has been informed by counsel for Nancy Jeannette Holt, 29, sentenced to life imprisonment for the murder of her husband, that it will file a motion for a writ of supersedeas, automatically staying execution of the sentence pending an appeal to the State Supreme court.

Notification was made after Judge Challen W. Waychoff denied Mrs. Holt's appeal for a new trial Saturday and sentenced her to the Women's Industrial Home at Muncy, Penna.

The new "Walkie-Talkie" man-packed radio used by front-line troops has remarkable clarity of tone due to use of frequency modulation.

RADIO PROGRAMS

New York, March 27 (AP)—For the time being the Lum and Abner show of the BLU is going ahead without change. Abner, played by Norris Goff, who recently passed his induction physical, has been granted a 60-day deferment.

Word from Hollywood is that the delay was allowed so the boys can complete another movie, work on which starts in April. Just what will be done about the broadcast when Abner does get called, still hasn't been settled beyond the possibility another voice might be tried as Abner. Abner is now 37, but has a birthday in May.

TELL WHAT NEW TAX BILL WILL AND WON'T DO

By JAMES MARLOW and GEORGE ZIELKE

Washington, March 27 (AP)—Congress will take great strides toward simplifying the federal income tax if, as expected, it passes the "streamliner" proposal now being cooked up.

It's designed to eliminate most of the complications for 40,000,000 of the nation's 50,000,000 income taxpayers.

However, before the enthusiasm gets too high, let's note some of the things the proposed law will not do:

1. It won't reduce your taxes unless you have more than two children or other dependents. Some persons, particularly childless couples, will be nicked for more money.
2. It won't excuse you from paying next March, if you haven't done so already, the second half of the "unforgotten" hangover of 1942-43 tax.

Must File Declaration

3. It won't excuse you from filing an annual tax report—but in the average case this will be simply the slip you get from your boss showing how much he's paid you and how much was taken out for tax. For others, the forms will be a lot simpler than in the past.
4. It won't eliminate the requirement of declarations of estimated 1944 tax by April 15 from 15,000,000 taxpayers who aren't on regular wages or salaries, or who earn more than \$2700 if single or \$3500 for a married couple, or who have more than \$100 of outside income in addition to wages or salaries. But fewer persons would have to file declarations next year.

The proposed law would replace the present setup with two taxes:

1. A "normal" tax of 3 per cent of each person's income over \$500 (regardless of marital status).
2. A "surtax" starting at a rate of 20 percent on the first \$2,000 of taxable income after exemptions of \$500 for each person dependent on this income (husband, wife, children, other dependents).

On each tax, a person automatically would get deductions amounting to 10 per cent of income up to \$5,000; automatic deductions would be \$500 on incomes of \$5,000 up. If he had more legal deductions, he could get them by writing them on his return.

The Internal Revenue bureau would figure the tax for anyone with wages or salaries up to \$5,000, provided he had less than \$100 of additional income—and send a bill or a refund if due.

Withholding Plan

Starting next year, the whole amount of tax would be withheld on wages and salaries up to \$5,000. For those who aren't on wages or salaries but whose income is less than \$5,000, the tax return would require no complicated mathematics—the taxpayer would write down his income, "count noses" on members of his family, and find his tax in a set of tabulations arranged under number of persons dependent on this income.

In effect, everybody would be worth \$500 exemption on the surtax—his own or somebody else's. This would be broad enough to include children in college who presently aren't classed as dependents because they're over 18.

Lancaster, Pa., March 27 (AP)—John Grassi, 31, of Camden, N. J., a civilian pilot training instructor, died at St. Joseph's hospital last night of injuries received Friday when his training plane crashed near Salunga.

Nicholas Bianchi, 18, of Milford, Pa., a Franklin and Marshall college V-5 trainee injured in the same crash was reported recovering.

visit Shakespeare's birthplace as well as the remains of the house in which he wrote "The Tempest," his last play; the Shakespearean theatre, Ann Hathaway's cottage, Collegiate Church of Holy Trinity where Shakespeare is buried, and the famous "wishing well." Modern legend has it that the Yanks all wish for the same thing there, "Home by Christmas."

Provides Amusements

Ponting on the river Avon—with emergency fatigue clothes ready for those who fall in,—horseback riding, golf, tennis, and the White Swan Yankee softball team, are other attractions instituted by Miss Hall at the White Swan club. She coached, managed and played on the team herself at times.

Chief opponents were RAF cadets. They became so interested in the game that softball now is incorporated in their physical education programs. Yanks with a talent for stealing bases usually emerged winners in the Saturday afternoon games, however.

The many Americans in the Canadian forces particularly welcomed the white Swan club, and the first American girls they had seen since enlisting in 1939.

Permit One Guest

Kathy Hall remembers the day one young flight sergeant from New York was promoted. After the ceremony, he edged timidly toward her with a bouquet of flowers. "Would you mind very much being my mother for today?—If she were here, I'd give her these," Kathy thanked and congratulated him, and they talked awhile before she was called away. But he ran after her, "if my mother were really here, she'd kiss me today!"

Every Yank was permitted to bring one friend in the Allied forces as his guest to the club. Square dancing was taught, and frequent dances were staged for the men. The girls on these occasions were young actresses from the Shakespearean theatre, civilian government workers, and girls in the ATS and WAAP.

Frances G. Kinnear of New York City, was director at White Swan club, with Virginia Elkins of Salt Lake City, Utah, as assistant club director. At the camp club, Sylvia Risman of Buffalo, N. Y., was staff aide. It was her idea to have the club's one blank wall done into the vivid "hands across the sea" mural by Sgt. Holtzclaw, of Texas.

Turn To Red Cross

"An England," states Miss Hall, "the American Red Cross camp clubs and the leave area clubs are the answers to every welfare problem of the American G. I. In that congested country, the American servicemen naturally turn to the Red Cross for meals, a bed on leave, and his entertainment. And every Red Cross worker considers it the highest tribute when a Yankee says, 'Gee, this is just like our country club at home.'

Miss Hall was camp director with John B. Brady, of Flushing, N. Y., as Field Director, at a military base in England before returning home. There, the men who did not have off-limits passes enjoyed the American Red Cross snack bar, recreation

TRUMAN STIRS SENATE STORM

Washington, March 27 (AP)—Republican charges that Senator Truman (D-Mo.) was using his chairmanship to further a fourth term for President Roosevelt blew up a political storm today over the Senate's War Investigating committee.

Senator Bushfield (R-SD) answered Truman's plea for a continuation of the President's "wise and experienced" leadership with an assertion that the committee which has been critical of some phases of the war effort apparently was "being used now to forward the candidacy of one man for president."

"Think the statement is completely partisan and out of place," Bushfield declared. "The people had hoped that the investigating committee would be entirely non-partisan but it seems now that it is being used to advance a fourth term."

In a press statement issued through the office of the secretary of the Senate in his absence, Truman said yesterday that with the crucial European invasion at hand "our commander-in-chief will require prayerful understanding and vigorous support."

"I think the country realizes," the Missourian said, "that we have wise and experienced leadership. And I am further convinced that this leadership will be continued until the job at hand is completed. No one can divide us in this supreme effort. No patriot will attempt it."
